FROZEN KITCHEN SAFETY & BASICS

- ❁ Always read the recipe before you start cooking or baking, and gather all your ingredients and tools. You don't want to get midway into stirring up a soup and realize you don't have an important ingredient!
- ❁ Don't be afraid to make substitutions! If you don't like raisins, try dried cherries or cranberries. Allergic to nuts? Try shelled sunflower seeds. Substitute your favorite vegetables or fruits for the ones you don't like so much. Congratulations: you are now creating your own recipes!
- ❁ Never cook or bake without a grown-up to help you with hot (and heavy!) pots and ovens, knives, reaching things on high shelves, and adding the chocolate.
- ❁ It's just as fun to eat and cook healthy foods, such as soups, sandwiches, and oatmeal, as it is to bake cookies and cupcakes. Be creative! Make it with love, and it will be delicious.
- ❁ Eat your colors. A healthy plate contains all the colors of the rainbow, from red strawberries to purple beets. This goes for the food groups, too: protein, dairy, grains,

fruits, and vegetables should all be regularly featured in your diet.

-  Buy a rimmed baking sheet. You'll use it for everything, from baking cookies and brownies to roasting vegetables and making toast.
-  Buy winter themed cookie cutters. Many recipes in this book call for a snowman (3 x 5 inches/7.5 x 12.5 centimeters) and a snowflake (2 x 2 inches/5 x 5 centimeters) cookie cutter—sometimes both!
-  Use parchment paper! It makes your cleanup so much easier, from baking spillovers to crumbled cookies. And it's excellent for lining pans and baking sheets and putting between layers of cookies when you pack them up in a container to store or share.
-  In this cookbook, salt is always kosher salt, butter is always unsalted butter, and eggs are always large.
-  These recipes are inspired by Scandinavia, as is the *Frozen* world. Feel free to experiment with flavors from other parts of the world, too.

BUILD YOUR OWN OLAF PANCAKES

Build your own Olaf pancakes, with blueberries for buttons, plum pieces for eyes, plus a small slice of strawberry for a nose. Leftover pancakes make an excellent base for sliced cheese, cream cheese, or jam.

MAKES ABOUT 30 OLAF PANCAKES

¾ cup (105 grams) whole-wheat flour ¼ cup (30 grams) rye flour

¼ cup (30 grams) oat flour

2 tablespoons flaxseed

2 tablespoons cornmeal

1 teaspoon baking powder

½ teaspoon baking soda (bicarbonate of soda) ½ teaspoon salt

2 eggs

**½ cup (120 millilitres) buttermilk ½ cup (120 millilitres) water 4
tablespoons (55 grams) butter Maple syrup or jam for serving
Yogurt, plum pieces, and fresh berries for decorating or serving**

-
- 1** Preheat the oven or a toaster oven to 200°F (95°C).
 - 2** In a large bowl, whisk together the whole-wheat flour, rye flour, oat flour, flaxseed, cornmeal, baking powder, baking soda (bicarbonate of soda), and salt.

- 3 In a small bowl or pitcher, whisk the eggs. Add the buttermilk and water and whisk together. Pour into the flour mixture, stirring just until combined.
- 4 Heat a large skillet or griddle over medium heat. Add 1 tablespoon of the butter and let it melt. Spoon the batter, ¼ cup (60 millilitres) at a time, into the hot butter. Do not crowd the pan. Cook the pancakes in batches with some space between. Cook until lots of bubbles form around the edges of the pancakes, 3 to 5 minutes. Flip the pancakes and cook until the pancakes loosen easily from the pan, 2 to 3 minutes. Transfer to a heat-proof plate, cover loosely with aluminum foil, and keep warm in the oven. Repeat with the remaining batter, using the leftover butter as needed (you may not use all of it).
- 5 Using the snowman cutter, cut out shapes from the warm pancakes. Serve with maple syrup, yogurt, plums, and berries. Leftover pancakes can be refrigerated in an airtight container for up to 2 days.

QUEEN ELSA'S BRAIDED BREAD

Re-create Elsa's beautiful braid with this delicious bread.

MAKES ONE 12-INCH (30.5-CENTIMETRE) LOAF

**¾ tablespoon (1 package) active dry yeast 4 tablespoons (50 grams)
sugar**

Grated zest from 1 orange

¼ cup (60 millilitres) fresh orange juice 3 tablespoons olive oil

2 eggs, plus 1 egg yolk

2 teaspoons salt

**3½ to 4 cups (490 to 560 grams) all-purpose flour 1 teaspoon water
or milk**

HONEY-CINNAMON SPREAD

**4 tablespoons (55 grams) butter, at room temperature 1 tablespoon
honey**

1 teaspoon ground cinnamon

-
- 1 Line a baking sheet with parchment paper and grease a large bowl.

- 2 In a large bowl or in the bowl of a stand mixer fitted with the paddle attachment, combine the yeast, 1 tablespoon of the sugar, and ½ cup (120 millilitres) of warm water. Stir to combine and let rest until foamy, about 10 minutes.
- 3 Stir the orange zest, orange juice, and olive oil into the yeast mixture. Add the 2 eggs, the remaining 3 tablespoons sugar, and the salt and mix on low speed until smooth. Stop the mixer, add 3½ cups (490 grams) of flour, and mix just until combined on low speed (or stir with a wooden spoon). Switch to the dough hook and knead on medium speed (or knead, folding the dough over onto itself, on a lightly floured work surface) for about 5 minutes, adding a bit of flour as needed, until the dough is smooth and elastic. It will still be a little bit sticky. Form the dough into a ball.
- 4 Transfer the dough into the buttered bowl and flip the dough over so the ball is greased on all sides. Cover loosely with a dish towel (tea towel) and let rise in a warm place until it has doubled in size, about 1 hour.
- 5 Punch down the dough, turn out onto a lightly floured work surface, and knead until smooth, about 2 minutes. Form into a ball. Divide the dough into three equal pieces. Roll each piece into a 10-inch (25-centimetre) rope.
- 6 Lay the three ropes side by side. At one end, press the three ropes together. Then braid the three ropes, one over the other, plaiting them as you would hair. Twist the ends together to seal the bottom. Transfer the braid to the prepared baking sheet.
- 7 In a small bowl, whisk the egg yolk with the 1 teaspoon water and brush on the loaf. Cover loosely with a dish towel (tea towel) and let rise in a warm place until slightly larger and puffy, 30 to 45 minutes.
- 8 Preheat the oven to 350°F (180°C).

- 9 Bake the braid for 30 to 40 minutes, until golden.
- 10 **MEANWHILE, MAKE THE HONEY-CINNAMON SPREAD:** Combine the butter, honey, and cinnamon in a small bowl. Use a fork to mash the ingredients together, mashing and stirring until smooth and combined.
- 11 Cool the braid on a rack. Slice the bread and serve with Honey-Cinnamon Spread.

SNOW GLOWS WHITE ON THE MOUNTAIN PORRIDGE

Brave a trek up the North Mountain with this tummy-satisfying bowl of porridge. Feel free to swap out other fruits for the blueberries, honey for the maple syrup, or skim, low-fat, or nut milk for the coconut milk.

MAKES 2 SERVINGS

¾ cup (180 millilitres) coconut milk ½ cup (50 grams) rolled oats ¼ cup (60 millilitres) Greek yogurt 2 teaspoons maple syrup

1 teaspoon dried chia seeds (optional) Pinch of salt

¼ cup (35 grams) fresh blueberries, raspberries, or strawberries 2 tablespoons shredded coconut Ground cinnamon for sprinkling

- 1 In a 1-quart (1-litre) glass jar with a lid or a glass bowl with a lid, combine the coconut milk, oats, yogurt, maple syrup, chia seeds (if using), and salt. Screw on the lid and shake until the ingredients are well combined. Remove the lid, add the berries and coconut, and stir gently to combine. Replace the lid and refrigerate overnight or for up to 48 hours. The oats and chia seeds will plump after soaking.
- 2 Sprinkle with cinnamon and serve chilled.

Hoo hoo! Oaken inspires good feelings with these delicious tuna-and-cheese melts.

MAKES 8 SNOWFLAKE OR 4 OLAF MELTS

**One 5-ounce (140-gram) can tuna in water, drained 1 celery stalk,
minced**

½ small onion, minced

3 tablespoons mayonnaise

**Salt and freshly ground black pepper 4 slices sturdy bread, such as
whole wheat or sourdough 4 slices mild Cheddar or Monterey Jack

- 2 In a small bowl, mash the tuna with a fork. Add the celery, onion, and mayonnaise, and stir to combine. Season with salt and pepper.
- 3 Using the snowflake or snowman cutter, cut out 2 snowflake shapes or 1 snowman shape from each piece of bread. Place on the prepared baking sheet. Top each bread shape with a scoop of tuna salad, spreading it to cover the bread. Top the tuna with a few strips of cheese to cover.

- 4 Bake until the cheese is melted, about 5 minutes. Decorate as desired and serve when cool enough to handle. Careful! Hot cheese burns.

OLAF'S WARM HUG BUNS

Olaf loves warm hugs, and these flaky buns are as comforting as a hug!

MAKES ABOUT 20 OLAF BUNS

3½ cups (490 grams) all-purpose flour 1 tablespoon baking powder

2 teaspoons salt

1 teaspoon baking soda (bicarbonate of soda) 1 teaspoon sugar

Grated zest from 1 orange (optional) ½ teaspoon anise seed or ¼ teaspoon ground anise (optional) ½ cup (110 g) butter, cut into ½-inch (12-mm) cubes and chilled 1½ cups (360 millilitres) buttermilk, plus more for brushing Honey-Cinnamon Spread ([page 10](#)), jam, or butter for decorating or serving

- 2 In a large bowl, whisk together the flour, baking powder, salt, baking soda (bicarbonate of soda), sugar, orange zest, and anise (if using). Using your fingers, rub the butter into the flour mixture, pinching and pressing it between your fingers until the mixture is coarse and crumbly. Make a well in the flour mixture, pour in the buttermilk, and, using a wooden spoon, stir gently until the mixture forms a rough dough that just holds together.

- 3 Turn the dough out onto a lightly floured work surface and pat it into a square, about $\frac{3}{4}$ inch (2 centimetres) thick. Using the snowman cutter, cut out as many shapes as you can and transfer them to the prepared baking sheet, spacing them at least $\frac{1}{2}$ inch (12 millimetres) apart. Gather up the dough scraps, pat into a round, re-roll, and cut out more buns. Repeat until you've used all the dough. Brush the buns with buttermilk.
- 4 Bake the buns until they're golden brown, 12 to 15 minutes. Transfer to a wire rack and cool slightly. Serve warm, with Honey-Cinnamon Spread, jam, or butter. Or cool completely and pipe a design using the spread, jam, or butter as pictured.

“DO YOU WANT TO BUILD A SNOWMAN?” CHEESE BALLS

Design your own special snowman friends, built from “snowballs” made from cheese! Then decorate and watch them melt away as you eat them with crackers, pita bread or crisps, or veggies.

MAKES 3 SNOWMEN

6 ounces (170 grams) white Cheddar cheese, grated, at room temperature
4 ounces (115 grams) cream cheese, at room temperature
¼ cup (8 grams) freshly grated Parmesan cheese, at room temperature
1 tablespoon fresh lemon juice

1 teaspoon Dijon mustard

½ teaspoon garlic powder

Salt and freshly ground black pepper

¼ cup (35 grams) white sesame seeds for rolling
2 pitted black olives, cut into rings for decorating
1 carrot, cut into curls with a vegetable peeler for decorating
Crackers, pita crisps, or sliced veggies for serving

-
- 1 In a large bowl, combine 4 ounces (115 grams) of the white Cheddar, the cream cheese, and Parmesan and beat with a wooden spoon until creamy. Stir in the lemon juice, mustard, and garlic powder. Season with salt and pepper.

- 2 Lay a piece of plastic wrap (cling film) on the counter. Scrape 3 tablespoons of the cheese mixture onto the plastic wrap (cling film), pulling up the edges of the plastic wrap (cling film) to form the cheese into a ball. Repeat, making balls of different sizes: the largest with 3 tablespoons of the mixture, a medium ball with 2 tablespoons of the mixture, and the smallest ball, or snowman head, with 1 tablespoon of the mixture. You should have three large balls, three medium balls, and three small balls. Chill the cheese balls covered in plastic wrap (cling film) for at least 2 hours and up to 3 days.
- 3 Put the remaining 2 ounces (55 grams) Cheddar in a shallow bowl. Unwrap a cheese ball and roll it in the Cheddar until coated. Sprinkle with sesame seeds. Repeat with the remaining balls.
- 4 Place the three large cheese balls on a serving plate. Top each with a medium ball, then place the smallest ball on top, to form a snowman shape. Cover with plastic wrap (cling film) and refrigerate until serving.
- 5 About 30 minutes before serving, unwrap the cheese balls and let them come to room temperature. Decorate with sliced olives for the eyes and carrot curls for the hair, and serve with crackers, pita crisps, or sliced veggies.

WHAT IS THAT AMAZING SMELL — CHOCOLATE BROWNIES

Your kitchen will smell as delicious as the Coronation Ball—where Elsa and Anna experience a delicious waft of chocolate—when these brownies are baking.

MAKES 24 TO 36 SNOWFLAKE BROWNIES

1½ cups (210 grams) all-purpose flour 1 teaspoon baking powder

1 teaspoon salt

4 cold eggs

1¼ cups (100 grams) cocoa powder

1 tablespoon vanilla extract (vanilla essence) 1 cup (220 grams) butter

**1½ cups (300 grams) granulated sugar 1 cup (180 grams) light brown
sugar 1 cup (180 grams) semisweet chocolate chips or chopped
bittersweet chocolate 1 cup (120 grams) chopped walnuts (optional)
Confectioners' sugar (icing sugar) for sprinkling (optional)**

-
- 1 Preheat the oven to 350°F (180°C). Line a 17¼-by-12¼-inch (43.5-by-31-centimetre) rimmed baking sheet or jelly roll pan with parchment paper, leaving a 2-inch (5-centimetre) overhang on each end. Butter the parchment.
 - 2 Sift the flour, baking powder, and salt onto another piece of parchment. Set aside.

- 3 In a large bowl or the bowl of a stand mixer fitted with the paddle attachment, combine the eggs, cocoa, and vanilla. Whisk or beat on medium speed until thick and smooth, about 5 minutes if whisking by hand, or 2 minutes if beating with a mixer.
- 4 In a medium saucepan over medium-low heat, warm the butter, granulated sugar, and brown sugar, stirring, until the butter is melted and the sugar is dissolved, about 5 minutes. Add to the egg mixture, stirring until smooth, stopping to scrape down the sides of the bowl if using a mixer. Add the flour mixture, stirring just until blended. Stir in the chocolate and walnuts (if using).
- 5 Pour the batter onto the prepared baking sheet, spreading it evenly to fill the pan and smoothing the top. Bake until a toothpick inserted into the middle of the brownies comes out with moist crumbs clinging to it, about 8 minutes. Transfer to a wire rack and cool completely.
- 6 Using a butter knife, loosen the sides of the brownie from the pan. Using the parchment paper overhang, lift the brownie slab out of the pan and transfer onto the counter. Using the snowflake cutter, cut out shapes from the brownie. Sprinkle with confectioners' sugar (icing sugar), if desired, and serve. Store in an airtight container at room temperature for up to 3 days.

NOTE

You can also position the snowflake and snowman cutters on top of the uncut brownie and sift confectioners' sugar (icing sugar) over the top to make snowflake and snowman patterns on top of the brownies. Cut into squares and serve.

“BRING BACK SUMMER” ICE CREAM SANDWICHES

For the first time in forever, Arendelle’s gates are open. And that’s a reason to celebrate with these delicious ice cream sandwiches. Elsa’s powerful magic means the heat of summer is never too much for freezing ice cream; these cooling treats are perfect for a summer day.

MAKES 10 SNOWFLAKE ICE CREAM SANDWICHES

.....

1¼ cups (175 grams) all-purpose flour ½ cup plus 2 tablespoons (50 grams) cocoa powder ½ cup (100 grams) granulated sugar

½ cup (100 grams) packed light brown sugar ½ teaspoon baking soda (bicarbonate of soda) ¼ teaspoon baking powder

½ teaspoon salt

½ cup (110 grams) butter, cut into cubes, at room temperature 1 egg

2 tablespoons whole milk

1 teaspoon vanilla extract (vanilla essence) 1 pint (480 millilitres) mint chocolate chip ice cream or other flavor

.....

- 1 Preheat the oven to 350°F (180°C). Line a 13-by-15-inch (33-by-38-centimetre) rimmed baking sheet or jelly roll pan with parchment paper, leaving a 2-inch (5-centimetre) overhang on each side.

- 2 In a large bowl or the work bowl of a food processor, combine the flour, cocoa, granulated sugar, brown sugar, baking soda (bicarbonate of soda), baking powder, and salt. Add the butter, egg, milk, and vanilla, and stir or pulse just until the batter comes together.
- 3 Spoon the batter onto the prepared baking sheet, spreading into an even layer. Bake until the cookie slab is firm in the middle and springs back when pressed, 10 to 12 minutes. Transfer to a wire rack and cool on the baking sheet until cool enough to handle, about 15 minutes.
- 4 Meanwhile, take the ice cream out of the freezer to soften.
- 5 Using the parchment paper, lift the cookie slab out of the baking sheet and transfer onto the counter. Using the snowflake cutter, cut out an even number of cookies for the tops and bottoms of your sandwiches. You should have 20 cookies total. Make sure you have a bottom for every top! You can eat the leftover scraps of cookies, or freeze them and crumble on top of ice cream.
- 6 Spread the ice cream evenly on half of the cookies. Top with the remaining cookies. Transfer to a plate and cover with plastic wrap (cling film), or wrap each one individually. Freeze for at least 1 hour and up to 1 week.

BEAUTIFUL WINTER CREAM BUNS

“I never knew winter could be so beautiful,” says Anna, marveling at the frozen wonderland where she, Kristoff, and Sven meet Olaf for the first time. Re-create winter anytime with these snowy white, soft-as-a-snowdrift breakfast treats.

MAKES 12 BUNS

DOUGH

1 cup (240 millilitres) whole milk 6 tablespoons (85 grams) butter, cut into 1-inch (2.5-centimetre) cubes, at room temperature ½ cup (100 grams) granulated sugar 2½ teaspoons active dry yeast 1 egg, lightly beaten

2¾ to 3 cups (385 to 420 grams) all-purpose flour 1 tablespoon baking powder

2 teaspoons ground cardamom

1 teaspoon salt

CARDAMOM CREAM

¾ cup (150 grams) granulated sugar 3 tablespoons cornstarch

1 tablespoon ground cardamom ¾ teaspoon salt

1½ cups (360 millilitres) whole milk 3 eggs

6 tablespoons (85 grams) butter, cut into small cubes 1 teaspoon
vanilla extract (vanilla essence) 1 cup (240 millilitres) heavy cream 1
egg yolk

1 tablespoon heavy cream

ALMOND FILLING

¾ cup (225 grams) almond paste ⅓ cup (80 millilitres) whole milk 1
teaspoon vanilla extract (vanilla essence) Confectioners' sugar (icing
sugar) for dusting

-
- 1 Line two baking sheets with parchment paper and butter a large bowl.
 - 2 **MAKE THE DOUGH:** In a small saucepan over medium heat, combine the milk and butter. Cook until the butter melts and the milk is warm but not hot to the touch; it should be about 115°F (45°C) on a candy thermometer. Transfer to the bowl of a stand mixer fitted with the paddle attachment and add the granulated sugar and yeast. Stir to combine and let rest until foamy, about 5 minutes.
 - 3 Add the egg, 2 cups (180 grams) of the flour, the baking powder, cardamom, and salt and mix on low speed until the dough just comes together.
 - 4 Switch to the dough hook and, with the mixer on low speed, add ½ cup (70 grams) of the flour. Slowly add up to ½ cup (70 grams) more flour, as necessary, until the dough is smooth. Raise the speed to medium and knead for 2 minutes, until the dough is smooth and elastic.

- 5 Turn the dough out onto a lightly floured work surface. Fold the dough over onto itself a few times to incorporate air, and form into a ball. Put the dough into the buttered bowl, flip over so the ball is greased on all sides, and cover with plastic wrap (cling film). Let rise in a warm place until it has doubled in size, about 1 hour.
- 6 **MEANWHILE, MAKE THE CARDAMOM CREAM:** In a large saucepan, whisk together the granulated sugar, cornstarch, cardamom, and salt, then whisk in the milk and eggs. Set over medium heat and bring the mixture to a boil, whisking constantly until thickened, about 2 minutes. Remove from the heat and pour into a medium bowl. Whisk the butter into the hot mixture, adding several pieces at a time and whisking until thoroughly combined before adding more. Stir in the vanilla. Press a piece of plastic wrap (cling film) to the surface of the mixture and refrigerate until cool, about 2 hours. In a large bowl, whisk the 1 cup (240 millilitres) heavy cream to stiff peaks. Fold the whipped cream into the egg mixture. Refrigerate until ready to use.
- 7 Turn the dough out onto a lightly floured work surface, punch it down, and turn it over a few times. Divide the dough into 16 pieces; each piece should be about the size of a golf ball. Roll each piece into a ball and place on the prepared baking sheets. Cover with plastic wrap (cling film) or dish towels (tea towels) and let rise in a warm place until the balls have doubled in size, about 1 hour.
- 8 Preheat the oven to 400°F (200°C). In a small bowl, stir together the egg yolk and 1 tablespoon heavy cream.
- 9 Brush the tops and sides of each dough ball with the egg mixture. Bake until golden brown, about 20 minutes. Transfer to a wire rack and cool completely.
- 10 **MEANWHILE, MAKE THE ALMOND FILLING:** Using a food processor (or blender), combine the almond paste, milk, and vanilla and process until smooth.

11 To assemble, cut off the top third of each bun. Pull out most of the dough from inside each bun to make room for the filling; set aside for a separate snack. Fill each bun with about 2 tablespoons of the almond filling and a generous scoop of the cardamom cream. Top with the bun lids and sprinkle with confectioners' sugar (icing sugar). Serve immediately.
